PROFESSIONAL SUMMARY

Front-End Developer experienced in React.js, Next.js, Vue.js, Nuxt.js and Typescript, with hands-on experience building dashboards, reservation systems, and business websites.

WORK EXPERIENCE

Front-End Developer – Mechatronics Oct 2025 – Present

- Developed and maintained a responsive admin dashboard for a car wash service management platform (Kosoor) using Vue.js, serving 5+ branches.
- Designed reusable components for service orders, customer tracking, subscriptions, pricing, and branch operations, reducing development time on new features.
- Integrated RESTful APIs and managed application state with Pinia, ensuring real-time updates and seamless data flow.
- Implemented dynamic form handling and validation using Vee-Validate and Yup.
- Collaborated closely with backend and design teams to deliver a consistent, user-friendly experience.

Front-End Developer – Echoes Travel Apr 2025 – Sep 2025

- Developed responsive UIs for the Shift System — a travel reservation platform used by agencies, individuals, and corporate clients — using React.js and Material UI.
- Implemented dynamic form handling and validation using React Hook Form and Zod.
- Integrated RESTful APIs using Axios and managed server state with React Query for efficient data fetching.
- Collaborated with backend and product teams to deliver scalable features and improve overall UX.

Front-End Developer – Freelance Aug 2024 – Jun 2025

- Built responsive, high-performance websites for clients in Saudi Arabia and Egypt using Next.js, TypeScript, and Tailwind CSS.
- Delivered Tamayoz — a corporate website for a Saudi consulting and training company — focused on performance, accessibility, and clean maintainable code.
- Developed Yaseer, a website for a Saudi tax and accounting firm, using Next.js and Bootstrap.

Front-End Developer – Innovation Scope Jun 2023 – Jul 2024

- Developed and maintained user-friendly websites using jQuery and responsive design principles, ensuring optimal UX across all devices.
- Collaborated with cross-functional teams to gather requirements, design solutions, and deliver projects on schedule.

TECHNICAL SKILLS

Frameworks	React.js, Next.js, Vue.js, Nuxt, JavaScript (ES6+), TypeScript
State Management	Pinia, Redux Toolkit, Zustand, React Query, Axios
Forms & Validation	React Hook Form, Vee-Validate, Zod, Yup
Styling / UI	Tailwind CSS, Material UI, Bootstrap
Tools & Platforms	Git, GitHub, Postman, Swagger

KEY PROJECTS

Kosoor — Car Wash Management Platform | *Vue.js, Pinia, Vee-Validate, Yup* *Oct 2025 – Present*

- Admin dashboard streamlining service orders, customer tracking, subscriptions, pricing, and branch operations for a multi-branch business.

Travel Log — Personal Travel Journal App | [Live Demo](#)

Nuxt 4, Vue 3, TypeScript, Pinia, Tailwind CSS 4, DaisyUI, MapLibre, VeeValidate, Zod *May 2026 – Jun 2026*

- Nuxt 4 travel journal with GitHub OAuth authentication, protected dashboard, and dynamic routing.
- Interactive MapLibre map with Pinia state sync, coordinate picking, markers, and popups.
- Form validation with VeeValidate + Zod, image upload support, and responsive dark/light UI with DaisyUI.

Shift System — Travel Reservation Platform

React.js, Material UI, React Hook Form, Zod, Axios, React Query

Apr 2025 – Sep 2025

- Responsive reservation system used by travel agencies, individuals, and corporate clients to manage bookings and operations.

Employee Management System | [Live Demo](#) | *React, TypeScript, Tailwind CSS, Axios* *Feb 2025 – Apr 2025*

- Built role-based admin and employee dashboards with full CRUD operations for employees, departments, leaves, salary, and attendance using
Demo Credentials: Admin: admin@gmail.com / password: admin

Airbnb Clone | [Live Demo](#) | *Next.js, TypeScript, Tailwind CSS, Prisma, MongoDB* *Oct 2024 – Nov 2024*

- Full-stack property rental platform with OAuth authentication, listing creation, Cloudinary image upload, reservation system, and advanced filtering using Next.js 13 App Router and server components.

Tamayoz — Corporate Website (Saudi Arabia) | [Live Demo](#)

Next.js, TypeScript, Tailwind CSS

Feb 2024 – Jun 2025

- High-performance, scalable website for an institutional excellence consulting and training company.

Yaseer — Accounting Website (Saudi Arabia) | [Live Demo](#) | *Next.js, Bootstrap* *Sep 2024 - Sep 2024*

- Responsive website for a Saudi tax and accounting Services Company.

EDUCATION

Bachelor's Degree in Management Information Systems (MIS)

Oct 2019 – Jun 2022

Faculty of Commerce, Alexandria University | English Section

- Graduation project: Front-End Developer for "You Can" — awarded Excellent grade.
